

Fine Arts Friday Overview

Fine Arts Friday is offered as a supplement to the Monday/Tuesday/Thursday 3s classes, creating an additional 4-day class. In order to accommodate all students, PLEASE rank at least **THREE** enrollment choices.

Fine Arts Friday follows a typical preschool schedule, but the children may spend their day with a blend of students from both MTTH 3s classes. The class meets each Friday. We have observed over the years that older three-year-olds experience more success in Fine Arts Friday due to the increased flexibility, independence, and stamina that juggling two classes and the extra day requires.

The Fine Arts Friday teachers have created their own curriculum. Through arts education, the teachers encourage creative thinking, self-expression, discovery of new talents, and growth in confidence. We are excited to offer this opportunity to our preschool students!
